

Orera 22.05.2010

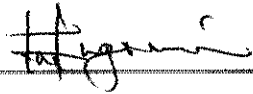

Dear Dave and Ian from Ethical Addictions

In the Name of our entire village, we would like to let you know that we really appreciate the long-term commitment from Ethical Addictions. EA are paying us a much better Price than we would get at the Fairtrade market or than our Cooperative Union would pay us. EA are committed to us, the Orera Village Coffee Growers, and this long-term commitment gives us the confidence to invest again into coffee as a cash crop. We had lost faith into growing coffee many years back due to the bad coffee prices we have been paid. Thanks to EA commitment we able to use our very much improved coffee income, to give our children a better education and improve our livelyhood.

Every Farmer in the village has planted new coffee seedlings already, as the old ones were in bad shape due to a lack of income resulting into a lack of investment into the coffee smallholder farms.

All 88 coffee farmers in Orera would like to thank EA for their support !

Yours faithfully

Peter Lekasio **ORERA GOOD COFFEE
GROWERS**
